OMAR EZZAT

Full Stack Web Developer

Contact Information

Phone: +201143912875

Address: Cairo – Egypt

GitHub: omar-ezzat

E-mail: omarezzat.m2002@gmail.com

LinkedIn: **omar-ezzat**

Summary

Computer Engineering graduate with a solid foundation in software development and experience building academic software projects. I develop full-stack web applications using JavaScript and frameworks such as Express.js, React, and Angular (MERN stack). I collaborate effectively within teams using Agile methodologies to build scalable systems with clean, maintainable, and high-quality code.

Internships

Jan 2026 – Present

Intensive Training Program(ITP)
MEARN Full Stack Web Development track.
Information Technology Institute (ITI), Cairo University
Projects:

- Memory Game Website: (Link)
  Technologies: TypeScript, Bootstrap, HTML, CSS.
- Login page: (Link)
  Technologies: Nodejs core Express, AJAX, Bootstrap, HTML.

Aug 2023 – Sep 2023

Summer Training
Artificial Intelligence (AI)
National Telecommunication Institute (NTI)

- Covering Artificial Intelligence foundations and intoduction to Machine Learning.

Working Experience

Jul 2024 – Sep 2024

Programming Instructor – Almentor (DECI Program, Ministry of Communications)
Taught programming fundamentals to students enrolled in the DECI scholarship.

- Delivered structured lessons on variables, loops, conditionals, and basic problem-solving.
- Helped learners build confidence and foundational coding skills through hands-on exercises.

Education

Sep 2019 – Jun 2024

Bachelor of Computer Engineering
Electrical and Communications Department, Shoubra Faculty of Engineering, Benha University.
Grade: Very Good
Projects:

- Graduation Project: Video Summarization based on object detection (Link)
  Technologies: SUM-GAN, YOLO-World, EfficientNet, Python.

Technical Skills

- **Web Development:** JavaScript, TypeScript, Express, React, Angular, HTML, CSS.
- **Programming Fundamentals:** OOP concepts, debugging, data structure, problem-solving.
- **Tools & Technologies:** Git/GitHub, VS Code.

Courses and Certifications

- **Java Programming: Arrays, Lists, and Structured Data –** Duke University (Coursera) Aug 2024
- **Supervised Machine Learning: Regression and Classification –** (DeepLearning.AI & Stanford University) (Coursera) Sep 2023
- **Web Development Challenger Track –** Nanodegree (Udacity) Oct 2022

Language Skills

- Arabic: Native
- English: Very Good

Additional Information

- Nationality: Egyptian
- Military Status: Completed as a soldier from Oct 2024 to Dec 2025

Extracurricular Activities

IEEE Student Activity

- Participated in the **Robotics team**, collaborating with colleagues on robotics activities, technical discussions, and student engineering events.

University Event Photographer

- Worked as a photographer for university events and ceremonies, capturing student activities.
